

Tao Wu

201-275-8987 | tw3108@cumc.columbia.edu

EDUCATION

Columbia University, New York, NY

Expected May 2027

M.S. Biostatistics, Data Science Track

Relevant Coursework: Data Science with R & SQL, Experimental Design, Big Data Processing, Multi-Model Statistical Analysis

University of Illinois Urbana-Champaign, Urbana-Champaign, IL

Aug 2021 – May 2025

B.S. Statistics and Actuarial Science | GPA: 3.63

Honors: State Farm Actuarial Prize (2024); Dean's List (2021, 2023)

RESEARCH EXPERIENCE

Columbia University – Pharmaceutical Analysis Project

Jan 2026 – Present

Graduate Research Assistant

New York, NY

- Conducting data analysis and experimental testing on pharmaceutical datasets using R and Python.
- Applying statistical methods including regression analysis and hypothesis testing to evaluate drug-related outcomes.

Illinois Risk Lab – UIUC

Jan 2024 – Dec 2024

Research Intern

Urbana-Champaign, IL

- Built and maintained insurance risk modeling databases, cleaning and standardizing 1,000+ records to ensure data integrity.
- Automated data analysis workflows using Python and R, reducing manual processing time and improving reproducibility.

Face Orientation and Knowledge Sharing Study

Jun 2024 – Oct 2024

Research Analyst

- Performed data cleaning, hypothesis testing, and regression analysis on survey data to analyze academic knowledge-sharing behavior.
- Identified statistically significant predictors of knowledge-sharing frequency across faculty and student populations.

Tsinghua University – Google Jetbot Project

2020

Research Intern

Beijing, China

- Developed Python algorithms for autonomous robot navigation, contributing to a cross-institutional robotics research initiative.

PROFESSIONAL EXPERIENCE

MSH China

Jun 2023 – Aug 2023

Intern

Shanghai, China

- Analyzed health insurance claims data using Python and R, identifying cost trends across multiple product lines.
- Produced data-driven reports on insurance risk patterns, supporting underwriting and actuarial decision-making processes.

TECHNICAL SKILLS

Programming: Python, R, SQL, SAS (basic)

Statistical Methods: Regression Analysis, Experimental Design, Multi-Model Analysis, Hypothesis Testing, Data Visualization

Tools & Platforms: Big Data Processing, Statistical Modeling, Data Cleaning, Workflow Automation

ACTUARIAL CERTIFICATIONS

SOA Exam FM – Passed | SOA Exam FAM-L – Passed | SOA Exam SRM – Partial UEC Credit
